Forecast for Saturday 21 Sep 2024

Weather: Low cloud, mist and fog quite extensive at times overnight and early morning with patchy drizzle. Much of the low cloud, mist and fog should clear during the morning to leave a dry and bright day, some sunny spells possible in the afternoon

Chance of cloud-free hill tops above 700m: 40% overnight rising to 80% during the morning.

Low cloud and visibility: Occasional or extensive cloud well down early in the day, lifting and clearing most summits by early afternoon before lowering again in the evening. Visibility mainly good or very good, but moderate to very poor in any low cloud, mist and fog.
